

Apex Environmental Services

Effective, professional bird control across Berkshire and Hampshire

Pigeons, seagulls and nuisance birds controlled professionally and humanely.

Our company ethos is based on three core values; responsiveness, professionalism and high-quality workmanship. We strive to provide a reliable and cost-effective service to every client we interact with to satisfy your requirement.

We cover from the London borders to Bath along the M4 corridor, and the Basingstoke, Southampton and Portsmouth areas.

Typical Bird Infestation Problems

- guano (contaminated products leading to waste/ loss of money)
- insects (secondary pest issues such as fleas and mites)
- loss of business due to adverse effect on reputation
- increased building maintenance cost (blocked gutters, dislodged roof tiles etc.)
- Staff & Visitors being attacked by nesting birds (health and safety implications that could leave the building/ home owner liable for damages)
